

Cobbett's Pond—Windham NH

Quick Facts

Distance:	9.8 miles (~17 mins)
Convenience:	Excellent
Restrictions:	None
Parking:	Very Good
Ease of Launch:	Good (need to carry boats 50 yds)
Wind Factor:	Fairly Easy In Stronger Winds
Nature:	Poor—Mostly cottages along shoreline
Est. Time:	Allow 1—1.5 hours
Traffic:	Boat traffic on w/e—weekdays best
Other Interests:	Weddings at Castleton

Observations:

Cobbett's Pond is a quick drive with a fairly easy launch on the Windham Town Beach. Beach is for town residents but non-residents can launch boats. Parking is plentiful. You can launch off the dock or beach area to the right side of beach. Pond is 1.8 mi. in length and .5 mil in width. Shoreline consists of mostly year round homes and seasonal cottages. Very little wildlife. The paddle is very easy and fairly easy in moderate wind conditions. Avoid going in strong wind conditions. There can be a lot of motorized boat traffic during summer weekends. Best times are weekdays any time or weekends during the slower months. If you time your trip well, you can see a wedding taking place outside at the Castleton Banquet Center at the opposite end of the Pond. If you are looking for quick trip and paddle with limited wildlife, this is a good choice.
