

Bob Medeiros, 37 Quarry Road

Aspirations as a member of the Board of Directors:

My hope is as a member of the Board I can make significant contributions using my experiences in diverse team environments and acquired collaboration skills to create a more inclusive culture that engages and inspires our residents.

Guided by our By-Laws and fiduciary duties, employing creative/common sense methods to problem solving, and ensuring the interests of all our residents are well represented, we can build a solid and enduring foundation for our community.

Professional and Leadership experience:

- ADP

Software architect responsible for design, development and deployment of large IBM mainframe systems in multi-team environments.

- Independent Consultant

Provided a variety of consulting services to several U.S. and Canadian corporations.

- Fidelity Investments

Systems manager having complete management responsibility for a development staff of 36 professionals, coordinated the activities of several Third-Party vendors, and participated in product design.

- IBM

Held a variety of technical positions. Received 5 awards for outstanding contributions to the corporation.

- Personal

Attended Bridgewater State University, Northeastern University and

Boston University (non-degree programs).

Veteran of the U.S. Army Medical Corp.

Member of the Revere, MA Board of Health for 6 years.

Basketball coach at the Middle and High School levels.
