I would like a chance to serve on the board of directors of Hickory Woods.

I will be retiring after 41 years as a premium auditor for a nationwide auditing company at the end of this year. So I will have the time to devote to the community to hopefully make it even a better place to live. I would like to try help the community become more united.

I am a fiscal conservative , but believe that funds should be spent if they benefit the community in the long run. My wife and I have lived in Hickory Woods for 2 and 1/2 years. I served on the transition committee and have enjoyed helping out and participating in card games, pool, and various functions. The Hickory Woods community has become like family and I would like to give back. Thank you for your support.
